Email: parves79.eng@gmail.com
Address: Dhaka, Rampura, Bangladesh

SUMMARY

Computing and Information Systems graduate specializing in Artificial Intelligence in IoT, with a strong foundation in AI/ML, software development, data structures, and algorithms. Experienced in developing web applications, building machine learning models and implementing IoT-based solutions. Proficient in multiple programming languages and backend technologies, with practical experience in software development and business development. A problem-solver with strong analytical, communication, and teamwork skills, eager to apply technical expertise to develop innovative solutions and contribute to organizational growth.

EDUCATION

B.Sc. in Computing & Information Systems **2022 – 2026**
Daffodil International University (DIU), Dhaka
Major: Artificial Intelligence in IoT
CGPA: 3.61/4.00

Higher Secondary Certificate (HSC), Science **2018 – 2020**
Bangladesh Noubahini School and College, Khulna
GPA: 5.00/5.00

Secondary School Certificate (SSC), Science **2016 – 2018**
Budhhata B.B.M. Collegiate School, Satkhira
GPA: 4.83/5.00

TECHNICAL SKILLS

Languages	C, C++, Java, C#, Python, JavaScript, PHP
Frameworks & Backend	Spring Boot, .NET Core
Web Development	HTML, CSS, JavaScript, PHP, Bootstrap
Databases	MySQL, MongoDB
Core Concepts	Data Structures & Algorithms, OOP, DBMS, AI, Machine Learning, Image Processing, Computer Networks, OS, Software Engineering, REST APIs
Tools	Git, GitHub, VS Code, Eclipse IDE, Arduino IDE, Linux CLI

WORK EXPERIENCES

Business Development Manager — T&T Education and Immigration **September 2026 – Present**

- Drive business growth by identifying new client opportunities and building partnerships for education and immigration consulting services. Advise prospective students and clients on study and immigration pathways, guiding them through the enrollment and application process. Coordinate with internal teams to develop strategies that improve client acquisition and retention.

ASP.NET Developer Intern — Itransition **June 2026 – August 2026**

· Developed and maintained web application features using ASP.NET and C# as part of the software development team. Collaborated with senior developers to debug and optimize existing codebases, following industry best practices. Gained hands-on experience with the full software development lifecycle in a professional, cross-functional team environment.

PROJECTS

IoT-based Dustbin Monitoring System

Contributed to an IoT-based smart waste monitoring system developed in collaboration with the Bangladesh Railway Ministry. Built data processing and system logic components enabling real-time monitoring of dustbin fill levels. Helped improve waste collection efficiency through IoT-driven automation.

CNN-based Music Genre Classification

Designed and trained a Convolutional Neural Network to classify music genres using Mel spectrogram features in Python. Deployed the trained model as an interactive web application using Streamlit.

ACHIEVEMENTS

AWS Academy Cloud Foundations

· Certified in cloud computing fundamentals and core AWS services.

Best Data Collector Award

· Recognized for accuracy and dedication during a university research data collection project.

LANGUAGES

Bangla (Native)

English: Professional Working Proficiency
